And explain why it had a major influence on you

You will have to talk about the topic for one to two minutes. You have one minute to think about what you are going to say. You can make notes to help you if you wish.

STUDENTS SPEAK

Last year, I completed master's in Engineering Management from UCD and now I am employed in Intel Ireland Limited as Facilities Electrical Engineer with really decent pay and other benefits in my bucket. Hereby, I would like to express my sincere gratitude and kind appreciation for all the support extended by Ashish Kumar during my difficult times when I was even not able to arrange my education loan. I almost gave up my dream to pursue my masters even after having offer from prestigious institutions like UCD. However, you helped me not only in negotiation with Auxilo Finance to get my full education loan, but also got it approved without any property pledge. I would not be in this position without your tireless support and guidance where I'm today. Hence, I would like to thank you and Fateh Education for your endless support. Please keep up the great work and realising dreams of many students like me.

-Shambhu

I would like to thank Fateh Education and Jayati ma'am for helping me to get my desired IELTS score. It is all because of the combined efforts that we had put in, that I was able to score a 9 in listening, a 7.5 in reading, a 7 in writing task and another 7.5 in speaking test. All these together, my cumulative score was 8. The online classes were a huge help as I was able to enhance my skills and helped me face new challenges which I overcame one by one. Jayati ma'am's classes are extremely interactive and fun wherein she focuses on every student individually and guides them accordingly. I am extremely happy with my scores and I thank my teacher for it.
