Great News!

All remaining students at English universities will be able to return to in person teaching from 17th May, Boris Johnson has confirmed.

The Prime Minister said on 10th May that the resumption of face- to- face tuition was part of the third stage of the government's easing of coronavirus restrictions due to take place the following week.

“The enormous efforts made by universities to ensure their campuses are covid secure has been instrumental in ensuring that this can happen with appropriate assurance in the remaining weeks of term. This is a remarkable effort from all those concerned,” Dr Walker said.

SACHIN SINGH

MBA, University of Essex.

AVINASH SINGH:

I would like to extend my sincere thanks to the Fateh Education team and especially Ritu Jain, Ashish and Anjali for the support they have provided me during the entire course of my application. It is the result of their continuous effort that today I am in the UK as a student at the University of Essex. The entire team at Fateh has provided me with incredible support in fulfilling my dream of pursuing MBA especially Ritu who was always there even at odd hours to take my calls and answer my queries. She is an extremely efficient, resilient, responsible and hardworking candidate and definitely an asset for Fateh team. The journey with Fateh has been overwhelming and I would strongly recommend the institute to my family and friends.

The emotions really cannot be expressed in words at the moment so all i can say is a big "Thank You".

I was referred to Fateh Education by one of my old friend stating that this is the best institute for IELTS examination preparation, and this has proved absolutely correct. Jayati Mam's words were – 'Follow my guidance blindly and you will get your desired score', which is exactly what I did and achieved what I aimed for. Her vast experience and tremendous knowledge around IELTS is unparalleled and will surely continue to shape future of people going forward.

Thank you for helping me to understand that it's more about how to approach questions correctly than just knowing or being proficient in English.
